STAFFORDSHIRE PARISH REGISTERS SOCIETY

Hon. Secretary's Report for 1968

I am pleased to say the work of the Society continues to go forward although perhaps not in as spectacular way as we would like. In common with other societies engaged in printing volumes we find the present rise in costs is seriously affecting our work. It is now, on average, costing about 30/- per page to print our volumes and this in spite of all efforts to obtain really competitive prices for this work. This means that the cost has about doubled in the last ten years or so. It means that a book of about 200 pages is now costing £3 per volume to produce so that with an income of about £100 this represents three years' subscriptions. I think our present policy will have to be reviewed in the light of these facts. We still have a small balance at the Bank of about £240 so we can continue to print a further small volume during the coming year and I am looking for a small register in the south of the county which we can produce.

I have had several enquiries and offers to transcribe parish registers and am in contact with two people at the present time. The sale of back volumes continues but many are now out of print and I have been unable to obtain second hand copies to help fill the gaps. Some that have been offered have been too expensive to purchase. In the light of my experience in this matter I have revised the price list of all our remainder copies so this should give us some extra income and help to offset the rise in the cost of printing. By now members should have their copies of the Kingsley parish register. I am indebted to Mrs. Olive A. Dale for writing the introduction to this volume and to the Rector of Kingsley for permission to print.
