## STAFFORDSHIRE PARISH REGISTERS SOCIETY

---

### Hon. Secretary's Report for the Year 1960

---

The membership of the Society during the current year has shown little change.

The Roman Catholic Registers of Staffordshire have been printed and are now in the hands of members. The transcription of Madeley Register has been almost completed and should be in the hands of the printer in the course of a few weeks. To print the whole of this register to 1812 will take about 200 pages and cost something more than £200 but we have sufficient funds in hand and I would suggest that this be done. The cost will take just over two years subscriptions.

The transcription of a further portion of Walsall register has been started by Mr. J. W. Whiston of Walsall and covers the period after 1649. The early part of this register was printed by F. W. Willmors in 1890. An approach will be made to the Corporation in due course in the hope that they will be able to see their way to give us a grant so that a much larger portion of this important register can be printed.

One of our subscribers, Mr. Barnett, is making a transcript of Sedgley register commencing in 1701 and it is hoped that he will be able to carry this work to 1812.

The Society will no doubt be gratified to hear that there is a continued sale for back volumes but unfortunately some numbers are now out of print and many more are very scarce only two or three copies remaining in stock. I have increased the price of all scarce copies to 15/- to 20/- each and have an arrangement with Messrs. H. Start & Sons to purchase any volumes they have, and which we have in short supply, at a special price so that any profit accruing can pass to the Society.

In conclusion I would like to thank all members and friends who have assisted me with the work of the Society during the past year.
